

# Camp Little Eagle News

Lucerne Park, Warsaw  
Week of July 12, 2010

## Things to Remember...

- 1. As the summer rolls along, hot weather will be a constant at camp. Please remember to send water with your camper so we can all stay safe and hydrated.**
- 2. This week, July 12-16th, is Safety Week and there will be presentations from the Police Department, the Fire Department, and the Department of Natural Resources. Parents are more than welcome to attend these presentations. Details can be found with the camp counselors.**

## Activities for Week 5: Safety Week

This week campers will learn about all the important aspects of being safe. The Police Department will be out at camp on Tuesday, July 13th to discuss how to be a safe citizen of Warsaw. The campers will learn fire safety during a presentation from the Fire Department on Thursday, July 15th. On Friday, July 16th, the DNR will be out to talk to the campers about water and boat safety so all the campers will be able to enjoy all of Warsaw's wonderful lakes the correct way. Join us in celebrating the real life super heroes.

## Cloudy with a Chance of Meatballs

This week the free movie put on by the North Pointe Cinemas is "Cloudy with a Chance of Meatballs." A scientist tries to solve world hunger only to see things go wrong as large chunks of food start falling from the sky in abundance.

## Meet some Camp Little Eagle Counselors!

### Nicole Smith-Jackson

"Nicole is an extremely trusted and valuable counselor. She works the grueling 6:00-9:00 AM shift every single morning for me at Camp Little Eagle. Her dedication shows in everything that she does at camp. I would also like to congratulate Nicole on recently getting married. Congratulations Nicole!!!" -Andy Miller
