COMMIT TO BE FIT (LEARN MORE ON P. 18)

The Y Fitness Challenge is an 8-week program focused on your best health and best results! During the program you will work directly with a YMCA Certified Personal Trainer in a small group team environment to exercise, complete challenges, eat right and learn how to BECOME YOUR BEST SELF! Teams will have no more than 8 total participants. Results will vary for every individual but may include: weight loss, increased strength and cardiovascular health, added support and motivation, increased energy and stamina, stress relief, and community building.

Program participants will meet with their dedicated Trainer once a week for 8 weeks, completing a team workout specifically designed to meet your goals. In addition to the trainer led workout, each participant will receive a weekly trainer designed workout, meant to be completed together as a group.

Throughout the 8 weeks your Trainer will provide guidance on many topics such as strength training, cardiovascular exercise, goal setting and motivation, sleep, and more! This is not just a weekly group workout, it's a lifestyle change!

FALL BACK INTO FITNESS (LEARN MORE ON P. 18)

Let's step it up for Fall! For this challenge you need to complete 30 minutes of brisk walking six days a week for six weeks. To help you stay on track you can track your steps and challenge yourself by trying to do more each day! Those that complete the challenge will be able to pick prizes out at our Wellness Desk.

SPRINT 8 CHALLENGE (LEARN MORE ON P. 18)

Sprint 8 is so much more than a basic HIIT workout. When you use the Sprint 8 training program on our Matrix equipment, people of all shapes and sizes can hit the ground running from the start. Preprogrammed for beginner, intermediate, advanced or elite athletes, the short HIIT workout allows you to enter your age, weight and desired level of intensity, and the equipment will automatically change speed and elevation or resistance during the workout as it moves through your sprint and recovery intervals. Connect with our Sprint 8 team to choose your Sprint 8 program and weigh in prior to the start of the challenge and then you may sign up for a final weigh in at the end. Each participant in the challenge needs to complete three Sprint 8 workouts per week for six weeks to earn a Challenge T-Shirt.

JOIN THE YMCA'S COMPETITIVE CHEER TEAM!

The YMCA's Warsaw Legacy Elite is a Half Season All Star Cheerleading team. All Star Cheerleading offers several different divisions and levels. Our goal is to offer a program for those athletes who are not ready to make cheerleading their "one and only" sport or who are just beginning in cheer. Warsaw Legacy Elite program offers athletes an opportunity to experience the excitement of All Star Cheer without the financial obligation and rigorous training schedule, while emphasizing fun, skill acquisition and teamwork. Our program is the perfect building process for athletes that love cheerleading, but do not have the time to commit to multiple practices a week for a full 12 month season.

Teams will have one practice each week on Sundays for two hours and will also have one team tumbling/stunt class on Wednesdays included with their monthly tuition. The teams will learn a competitive cheer routine which includes tumbling, jumping, stunting, and dance. Our schedule is set to compete at four competitions from January through March. There is no previous experience needed and no tumbling requirements to join the Warsaw Legacy Elite Team.

HOW TO REGISTER

STEP 1 | Register online at www.kcymca.org

STEP 2 | Athletes must attend both the evaluation days. During evaluation days we will work with athletes to divide them up into their teams based on age and skill level. Please wear a t-shirt and black shorts with no jewelry.

During this 4-month program participants will be partnered with a trained healthy heart ambassador for personal, bi-weekly consultations on taking their own blood pressure and will meet monthly as a group to learn how modifying their nutrition and physical activity can significantly reduce their blood pressure. Each participant will be able to track their progress and celebrate their improvement. To sign up for the Blood Pressure Self Monitoring Program please attend one of our free kick-off events.

ABOUT THE PROGRAM | In this life-changing 4-month program, you will meet with a trained YMCA staff member bi-weekly, receive weekly email or phone call checkups, and meet as a group once a month for Nutrition Seminars.
