PERSONAL TRAINING PROGRAM DETAILS

YMCA personal training offers a variety of options for getting in shape and feeling healthier and can take place at either of our YMCA facilities.

WHAT YOU CAN EXPECT

- A thorough assessment of your present physical condition.
- A personal program that might include strength training, lap swimming, sports, walking, biking, running, stepping, jogging, aerobics, treadmill, stretching, or aquatic exercises in shallow or deep water.
- Your certified personal fitness trainer will guide, educate, and motivate you toward reaching your personal goals.

BODY COMPOSITION TEST

The BIA Body Composition Test accurately measures an individual's body fat percentage. The YMCA fitness staff will use bioelectrical impedance analysis to determine a person's body composition. A four hour food and caffeine fast and no exercise prior to testing is required for accurate results. A computer generated report will be provided.
